### **New Member to a Family of Rescued Horses**

Magnolia, Texas, February 21, 2008 — **Adopt-A-Foal & Equine Rescue, Inc.** is proud to announce a long awaited addition to their family of rescued horses! “Snaps” was born in the early morning hours on Monday, February 18, 2008. His mare, Ginger, was one of 6 mares and 3 foals that **Adopt-A-Foal & Equine Rescue, Inc.** rescued last July from a feedlot in north Texas before they were sent to Mexico for slaughter. While all of the foals and three of the mares from the original shipment have been placed in new homes, Ginger (and now Snaps), along with pasture mates Ellie and Jessie, still look forward to finding new families to love. **Adopt-A-Foal & Equine Rescue, Inc.** is currently accepting applications to adopt Ginger and Snaps together into a new home, but will also be considering applications for the other gentle horses in their care.

**Adopt-A-Foal & Equine Rescue, Inc.** is a non-salaried, 501c3 equine rescue committed to reducing the suffering and senseless slaughter of orphaned foals and unwanted and/or neglected equine in the United States.

**Adopt-A-Foal & Equine Rescue, Inc.** conducts fundraising activities throughout the year that include a national Recycling Program where volunteers and Business Supporters across the United States collect empty laser and inkjet cartridges and used cell phones from their own communities and send the waste products to a Recycling Partner in exchange for cash to benefit the organization. They also promote donation of “re-gifting items” as a means to turn those unusual or unwanted gifts that many of us receive for special occasions and/or during the holidays into a tax deduction! These recycled gifts can be used as auction or raffle items for **Adopt-A-Foal & Equine Rescue, Inc.’s** upcoming fundraising events. The money raised from either of these programs and/or events goes directly to the benefit of the horses that are available for adoption.

For additional information on adoption, recycling and/or re-gifting donations, please contact: Marian Mastin @ 281-356-6644 or send emails to [mmastin@adoptafoal.org](mailto:mmastin@adoptafoal.org).
